Extraordinary Life in Christ**

What *is* Kids For Christ?

We are so glad you asked....

It doesn't take a rocket scientist to know that kids are literal thinkers and learn better

in environments where they can physically participate in the learning process. We at Kids for Christ (K4C) do not claim to be rocket scientists, but we do claim to love kids and desire them to develop a hunger for God. K4C is a worship experience designed with exactly those thoughts in mind! Worship God in a hands-on, fun-filled environment!

Children come together on Sunday mornings to worship in a safe environment, along with kids their own age and plenty of loving, adult supervision. While there, they experience upbeat, on-your-feet worship music and lots of time to sing and shout praise to the Lord in an accepting and non-threatening atmosphere.

Bible lessons are taught either in an object lesson or video driven format and are not only geared toward fun, but also in making life-application from solid biblical truths.

Parents are always welcome to come "check us out" and join the fun!

Is K4C *just* fun and games? **Great question!**

As a parent/grandparent, we know you desire to see your children have fun, but you also are concerned about their spiritual development and the maturation of their faith. K4C is concerned with these things as well. In fact, that is what drives the entire children's ministry at FBC Diana —

Leading Ordinary Kids to Extraordinary Life in Christ

Here are just a few things that your children will have the opportunity to participate in while in Kids For Christ:

Scripture reading (in front of groups and in small group settings)

Scripture memorization

Presenting special music (singing, playing an instrument, sign language, singing in a group or solo)

Playing music for the offertory (no matter the instrument — no matter the level of ability)

Serving as an usher (an offering is taken each week as a part of worship and to help teach children to give)

Praying (aloud in a group, silently, or in a small group) A child is never pressured to pray, but ALWAYS encouraged and given the option to pray in this non-threatening environment where no one will "poke fun."

Discussion and application of Bible truths — in small group settings with a supervising adult

Sharing prayer requests and experiencing answered prayer

Does my child *have* to go to K4C? **Wow! You ask some of the best questions!**

God created the family, and we at FBC Diana believe in the strength of the family. We would

never endorse a program that would drive a wedge in the family unit. With that thought in mind, in our worship services, families of all ages are encouraged to worship together and young ones are always welcome in the worship center.

K4C is designed for kids ages 3 years through 5th grade to worship together in an upbeat, child setting. It was developed with the prayerful vision of deeper discipleship for our young ones, while at the same time allowing more space in the worship center for the adults.

It is ALWAYS the parents' choice as to where their child worships. A child can participate in K4C every Sunday, only one Sunday a month, one Sunday a quarter, once a year, or not at all! It is completely a parental choice, and FBC Diana will honor and support that choice.
